Mr. George Mullen  
Post Office 2806  
Del Mar, California 92014

Dear George:

Ellen Donohoe has reminded me that I did not write about your essay that you sent me last year. I wrote about some other matters, and forgot this one. Apologies.

You may quote me to say:

“George Mullen points out here that if the Declaration of Independence means anything, it means that the rights of the innocent must be protected. That is a powerful truth, a truth too much ignored today. One day the silliness of Roe versus Wade will be overcome, and its evils brought to a halt. George fights ably for that day.”

I hope this helps. Always good to hear from you.

Warmest regards,
